Garrison Keillor : A Prairie Home Companion: Duets 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Prairie Home Companion: Duets 2:

I like the first one enough that I thought I needed the Duets 2. I listen to it in the car and it keeps me stress free in traffic as the tunes are enjoyable. If you like the show then you should enjoy the CD. Some of the songs are a tad corny but maybe corny is okay these days. They had so many talented music people on the show that I wish it was a multiple CD. But I'll look to see if they put out a Duets 3 some day. 0 of 0 people found the following review helpful. Great music! By R. P. G. If you like GK and his guests, this CD is for you. Not all include him but all are good listening. You'll listen to it more than once. Well worth 5 stars. (Can't get them to show on this app!) 0 of 0 people found the following review helpful. Should have bought Duets 1 By NAWas Not expecting so much country-western.
