Magnusson DavisThough my study relates to the earlier 16th century, this book has been most helpful in helping me identify and understand idioms and obsolete usages of all sorts. Odd pronoun uses, the many unfamiliar ellipses, obsolete senses of words: there is a lot here, and well indexed. The author reveals that necessary fineness of thought that is essential to a good grammarian.0 of 0 people found the following review helpful. Grammar and its birth in Modern English Essay studyBy Raven SaintHelped a lot in an essay about the grammar and how it related to modern English grammar. Very good as a source material for Shakespearean English and Grammar College classes.
