This book is definitely more fit for late elementary/early intermediate students than elementary students, but the arrangements are very nice and it was exactly what I was looking for. In some of the pieces I fiddled with the arrangements a bit, for instance having students play RH an octave higher for parts of Dance of the Sugar Plum Fairy and Dance of the Reed Pipes, but for the most part I found the arrangements very tasteful.

As a piano teacher, this is just what I was looking for.

These elementary arrangements of the Nutcracker Suite display the careful craftsmanship that Margaret Goldston put into all of her arrangements. Great lengths were taken to maintain the original form of each piece without making the difficulty level increase. Each solo includes an optional duet, which helps to create a full, rich, authentic sound.
