**Pamela Granovetter, Matthew Granovetter : A switch in time: How to take ALL your tricks on defense** before purchasing it in order to gage whether or not it would be worth my time, and all praised A switch in time: How to take ALL your tricks on defense:

4 of 4 people found the following review helpful. Very good book, talk about very important ideas in defense. I think this book should be circulated around mid-level bridge playeBy Zizhuo WangThis book talks about the "obvious shift" signal in defense. To me this is a very decent idea (although also very natural) but have not been talked about thoroughly in bridge literature. If played properly (among partners), this defense method would be very effective. The

only negative point I think is that it also provides very much information to the contractor as well, nonetheless, it is a very important idea. Many mid level bridge players should find this book very helpful. 0 of 0 people found the following review helpful. Five Stars By Jo Wragg For advanced partnerships it is a great tool. 0 of 0 people found the following review helpful. Five Stars By Corso Holding Corporation For sure, not for beginners, but very insightful, especially for no-trump defenses.

This book is for bridge players who want to learn a codified system of defense signals used by many successful tournament partnerships. Defense will never be the same. You will understand exactly what partner's signal means at trick one and then locate key highcards in partner's hand at tricks two and three.

About the Author The Granovetters have written more than 15 books on the game of bridge. They have won hundreds of bridge tournaments, including gold and silver medals in world championships.
