The author gives answers where he has them, corrections where needed, and also gives feedback on his earlier books (included with the latest) and comments to share. I bought one for myself and had to buy this one for a friend. Love this book!0 of 0 people found the following review helpful. Five StarsBy AnnDThe book was in excellent condition.A great book of tribal knowledge.0 of 0 people found the following review helpful. The other book of imponderables by the same author is more precise and

readable in lesser time. The present book is long windedBy gopendra n mukjerjeeSee below
