Very easy, maybe too easy but still worth buying By Tracy Ogrodnik I was about 1/3 of the way through Alfred's Basic Adult Piano Course Level One book when I purchased this book to have some Christmas songs I could play for this current season. I was somewhat disappointed in the book because I found a lot of the songs to be too easy, using the Middle C position and only one note at a time. I admit I

wanted to impress my friends and family at a Christmas party by playing songs with some chords and using both hands at the same time. There are songs in the book that are a little more challenging so I think the book is definitely still worth buying. I really like the fact that if the Alfred Course book says you are ready to play it, you are. I have looked at the other courses and I think Alfred's is the best and easiest to follow. Also, if you are an adult, you need to buy the adult books because Alfred's knows what songs you will want to play and they put them in there. This is something as a beginning adult student I didn't know, so I foolishly bought some regular piano course books not knowing they were structured for children. Make sure it says adult on it. Take it from me, you don't want to be playing the songs that are in the kid's books. 0 of 0 people found the following review helpful. If you like current Christmas songs vs the traditional ones you might ... By Rhoda Ramirez de Arellano Probably every Christmas song I don't want to play is included in this book. Very few traditional songs. If you like current Christmas songs vs the traditional ones you might like this book but I am disappointed. 0 of 0 people found the following review helpful. Five Stars By Josartnice volume of easy Christmas songs

Popular Christmas carols are arranged in graded order with optional duet parts to provide pleasure and satisfaction during the Christmas season for students using Alfred's Basic Adult Piano Course.
