From Alfred : Alfred's Basic Adult Piano Course Sacred Book, Bk 1 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alfred's Basic Adult Piano Course Sacred Book, Bk 1:

3 of 3 people found the following review helpful. I was very pleased with this book By Ruth Talbot I was very pleased with this book! I ordered this one for my son who has had a couple years of lessons, and book 2 for my other son who is more advanced. I wanted a book that would develop their chord playing and hymn playing skills, and these books are perfect. The arrangements are beautiful yet simple enough for the early piano students. 5 of 5 people found the following review helpful. Great book for beginners By Doris M. Richardson Great book for beginners. I enjoy playing the spiritual songs in this book. I am learning how to play the piano, at my Senior Center and the songs in the book is

great, however I practice more with this book because the lessons I learn in class can be applied to the songs in this book. I would recommend this book to all beginners. You will enjoy the music as you play and experience progress as well. 1 of 1 people found the following review helpful. I can play hymns By Barbara E. Towle I'm not an accomplished piano player like my mom but I love to plink out a tune or two. I love this book because it gives instructions on how to play chords so I can now play several of my favorite hymns in the simple arrangements in this book. There are many hymns I can't play yet but I know if I keep at it, I'll be able to master more.

Traditional sacred favorites are arranged in progressive order to gradually develop the adult student's technique while providing hours of enjoyment. Selections include ""Just a Closer Walk With Thee,"" ""For the Beauty of the Earth"" and many others.
