Helpful book(s) for learning the grand staffBy ErehwonNot a fan of the Alfred's empire in general, but these note spellers are very useful for students of all ages who are just beginning to read the grand staff. I like the fact that intervals are emphasized in addition to note names.1 of 1 people found the following review helpful. Students needing to review and improve their note-naming and interval-naming skills will benefit greatly from these well-prepared Notespeller Books. Each book provides a variety of written activities that reinforce note reading concepts presented in the Lesson Books. Correlates page-by-page with the Lesson Books, but may also serve as an effective supplement to other piano methods.
