Willard A. Palmer, Morton Manus, Amanda Vick Lethco : Alfred's Basic Piano Library: Prep Course Solo Level A before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alfred's Basic Piano Library: Prep Course Solo Level A:

1 of 1 people found the following review helpful. Easy to follow By Kimberly Mitchell The Alfred's Basic Piano Prep Course book is the perfect addition for any new piano player. These basic piano teaching books are easy to follow, easy to read, and easy to teach. The pages are filled with a good use of white space. The book itself is made of good quality and I do not feel that they will easily deteriorate. I believe that these books by Alfred's Basic Piano Prep are the basic books for piano knowledge and a great place to start a beginner. I have already purchased other of the Alfred's Basic Piano Prep Course books and will continue to purchase from this publisher. I have also steered my student's toward purchasing their own sets of these books to help with practicing outside of the classroom setting. These books will definitely stay around in my teaching library for years to come!! I look forward to seeing what other prep books are written and how they supplement the current books!

1 of 1 people found the following review helpful. Easy to follow! By GTOur 6 year old just started piano lessons and his teacher uses these books. So far, they're great!

1 of 1 people found the following review helpful. great beginner piano book. By Customer Great piano book for the beginner piano player. This book goes well with the lesson, technic, notespeller, and theory books. I highly recommend this book to learn from.
