If these books were on Kindle, I DONT HAVE A KINDLE. Who would order piano books on Kindle? My students need the actual books. Refund my money.0 of 0 people found the following review helpful. Our kids love it!By nicole FreemanGreat beginning and introduction to piano for young children. Our ages are 7 and 8 and they really enjoy this series. Colorful and fun while learning.

Technical exercises and warm-ups carefully prepared to fit precisely with materials presented in the Lesson Books. Each exercise is coordinated page-by-page with the Prep Course Lesson Books.
