With a genre and decade spanning work like this, you'll definitely have a few songs you aren't fond of - but it is great for beginners with a small amount of music. Where else can you jump right from Over the Rainbow to the song from Frozen to Paint it Black and finish off with Rocky Mountain High?There are also tabs for the chords and the entire melody (not just intro or riff) which is much appreciated.0 of 0 people found the following review helpful.
