Difficult to understandBy GENERAL KLARCI thought a little guidebook like this would be simple to understand and follow, but I have now read it three times and still don't understand what the author is saying.0 of 0 people found the following review helpful. CrapsBy NevrlkbakI went to the casino after reading the book, I didn't feel intimidated at the table. I didn't win all the time but I did come out ahead.Very basic instructions you can add as much play as you want, I found it best to stick with the recommended bets only.
