**Osamu Tezuka : All of Blackjack** before purchasing it in order to gauge whether or not it would be worth my time, and all praised All of Blackjack:

5 of 6 people found the following review helpful. A very nice artbook indeed By KochaIt doesn't say anything in the item description about this BEING a manga, of course. It's an imported artbook (eagle-eyed readers might have guessed this from the size and weight listed on its page), hardcover, that contains a sizable amount of both colour (72 pages!) and b/w manga illustrations, as well as thumbnails of the manga covers from different printings of Black Jack, merchandise photographs, gag sketches, etc...unfortunately some people seem to have bought this thinking it was a set of the manga, and the item description isn't very clear; fortunately Black Jack has been recently licensed for English distribution as of the writing of this review, and the first volume is due out in summer 2008. If you enjoy the series,

this artbook is very nice for this price. Highly recommended!14 of 18 people found the following review helpful. A bit disappointingBy A CustomerThe title notwithstanding, this book is not a compendium of the manga, but a promotional and/or keepsake scrapbook with cover art. What text exists is Japanese. While serious otaku particularly interested in Osamu Tezuka's work might consider purchasing this book (some of the supplemental material is quite good), the casual manga reader will find it disappointing.

Hardcover, Japanese text.
