Excellent material By Customer This is a terrific volume, especially if you are looking for more of the obscure songs. 1 of 1 people found the following review helpful. An American born genius who freshly imagined and commemorated the originality of American art for the 21st Century. By Warren Bennis I'd recommend this volume (and the other 3 as well) to anyone who has loved and lost that love. If Hamlet, as Harold Bloom believes, invented the human being, Sondheim invented the beginning and end of relationship. 5 of 9 people found the following review helpful. SUPER SONDHEIM!!! By Alex C. Mousso This is a fine collection of the songs of Broadway's most celebrated composer-lyricist, Stephen Sondheim. His music has been consistently superior to any and all who have ever written a Broadway musical, particularly those of his contemporaries. His works have been

performed all over the world for decades now, a clear indication of the admiration and respect due to a composer of the highest caliber and genius of Stephen Sondheim.

Songs include: Beautiful Girls (Follies) * If You Can Find Me * I'm Here (Evening Primrose) * Move On (Sunday in the Park with George) * Multitudes of Amys (Company) * Pleasant Little Kingdom/Too Many Mornings (Follies) * Sooner or Later (Dick Tracy).
