I have all four volumes and, as a pianist, I am grateful to Warner Bros. Publications for making these masterpieces available to the general public. Some of Sondheim's finest inspirations are contained in this volume:"Good Thing Going", "Take Me To The World," "Not A Day Goes By,"and "Sunday" from the Act I finale to "Sunday in the Park With George". Also included are some numbers from the obscure, (but very funny) "The Frogs," a 1974 production performed in the Yale University swimming pool, and a dozen other songs. For Sondheim fans, and soloists in particular, this volume and its companions are treasures.5 of 6 people found the following review helpful.
