Dr. Stanley B. Alterman : Alterman Big Club before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alterman Big Club:

0 of 0 people found the following review helpful. Quick and Dirty Simplified but Aggressive Precision - Like Bidding System By Grisly Bear Three or 4 stars, actually. Somewhat entertaining with its double entendre jokes, but some may find it off-putting. Only a handful of pages on the system. But it is supposed to be a simple precision-like club system, that's easy to pick up and play with anyone. You can then extend it on your own. System is 12-15 no trumps and step responses over 1 Club, with some nice correct-side NT steering twists, and some major suit aggressiveness. Early part

of book is a good early history of strong club systems and how they are successful. Unusual almost unrelated bonus is a good discussion of Meckwell over both weak and over strong NT, actually more complicated than the precision system it presents. I see a benefit of simplification and removal of misunderstandings over other forms of big club systems. Actually could use this system with a pick-up partner, given some time before a session, and past familiarity with Precision. 0 of 0 people found the following review helpful. Clear, concise instruction By Stephen E. Einson Easy to read and follow. Will certainly improve your game and gives both a methodology and insight to each element of the game.

Bridge is one of the few games you don't have to play for money to enjoy. It's a fun game played by people who want to have fun, but often hide that fact with a serious face and demeanor. Bridge, like good love making, takes time, effort, patience, concentration, and energy and is good for your mind, body, and soul. In *Alterman Big Club*, author Dr. Stanley B. Alterman presents a new world of bridge-the *Alterman Big Club (ABC)*-that enhances the current aspects of the game you now enjoy eliminating complexity and adding constructive precision. Developed over the last five years, *Alterman Big Club* details a simple, novel system that bridge players can use to obtain above-average results. He uses his personal experience and research as a starting place for an insider's guide that presents some history of playing systems and insights into the key strategies used by successful professional players. He invokes the KISS (keep it simple stupid) principle to allow players to learn the ABC system as easy as they did their ABCs. *Alterman Big Club* shows how ABC is a precise system marked by with natural, simple bidding rules and none of the complexity and ambiguities of Precision or Standard American bridge bidding systems.

About the Author Dr. Stanley B. Alterman, currently living in Jupiter, Florida, is a successful serial entrepreneur involved in starting almost twenty new hi tech companies. He is President of Alterman Associates Inc. a defense industry and disruptive technology development consulting firm. Stan still consults for the DOD and its contractors while bringing his advanced disruptive concepts to the bridge table. His half century career focused on electronic warfare, stealth and unmanned vehicles at Bell Labs, ITT, Raytheon and Kuras-Alterman, a company he founded. His innovative ideas helped bring the Russians to their knees when in was recruited into the Reagan Administration's, Office of the Secretary of Defense.
