From Music Sales America : American Folk Songs for Children before purchasing it in order to gage whether or not it would be worth my time, and all praised American Folk Songs for Children:

5 of 5 people found the following review helpful. Great book. Terrible quality reprint. Buyer Beware.By CustomerThe book gets 5 stars. It's a great one! The reprint gets 1 star at best. It looks like it was scanned at poor resolution and printed with a fuzzy ink jet printer. It serves its purpose, but for a book written with such care, this reprint looks as if it were done with no care at all. Buyer beware. And shame on the reprinter, I could have made a sharper copy with my cheap home printer/scanner than this supposedly "professional" one. Okay, rant over.7 of 7 people found the following review helpful. A great resource!By karaA must have for educators and lovers of children's music! Ruth Crawford Seeger's philosophy and organization is supreme and still highly applicable to teaching today. Enhance this by purchasing the recordings made by Peggy Mike Seeger in the 1980's.0 of 0 people found the following review helpful.
