American History in 100 Nutshells: From "The Mayflower Compact" to "A Kinder and Gentler Nation":

0 of 0 people found the following review helpful. Great book
By Shane Francoeur
I love this book, its the perfect addition to any classroom with its concise and specific excerpts, makes it easier to get the students to read more about what you are teaching them!!
0 of 1 people found the following review helpful. I like it
By Darnell Jackson
Right book - great condition!
1 of 2 people found the following review helpful. A unique way to learn American history! Bravo!
By A Customer
American History in 100 nutshells is a fascinating read for increasing knowledge of American history with new insight and fun! This book is truly an enjoyable read. The format is very unusual and exciting. Mr. Tuleja presents the reader with 100 thoughts and phrases and explains the circumstances of each passage. Each "nutshell" is presented in a chronological order. The read is fast, entertaining, at times quirky. When you get your hands on this novel approach to history, you'll discover the history behind such sayings as: the shot heard round the world, our country right or wrong, to the victor belongs the spoils, John Brown's body lies a 'mouldering in the grave, and much more. I wish my father could have seen this book! He would have loved it!

From the discovery of America to the war in the Persian Gulf, Tad Tuleja chronologically offers 100 sayings and events, using each as a lens through which to view America at that time. History is fascinating, but with all those pesky people, places, and dates floating in memory limbo, its tough to remember enough to have it all make sense. Tad Tuleja has solved that problem by taking American history's most famous thoughts and phrases and succinctly explaining the events they describe. Arranged chronologically, with three informative appendices and hundreds of tidbits of off-beat information, American History in 100 Nutshells is a fast, thorough, and entertaining walk through the hallowed halls of history. You'll learn the history behind such terms and sayings as: These are the times that try mens souls The shot heard round the world Our country right or wrong To the victor belongs the spoils The Trail of Tears The Underground Railroad Manifest Destiny John Browns body lies amouldering in the grave Jim Crow laws A splendid little war The Hundred Days 205 card-carrying communists Dont trust anyone over 30 And much more!

From the Publisher
I love U.S. history, and read anything on topics ranging from the Constitutional Convention to the Civil War, from the Great Depression to Vietnam. If you love history too, AMERICAN HISTORY IN 100 NUTSHELLS is a must-have reference book because it takes the most famous thoughts and phrases from American history (To the victor belongs the spoils...Don't trust anyone over 30...The Trail of Tears) and succinctly explains the events they describe. Lots of off-beat trivia!--
