**Seven Phoenix Ph.D. : American Pub Trivia (Volume 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised American Pub Trivia (Volume 1):

But, this if you like Geeks Who Drink and "modern" and non "ho-hum" trivia. This is solid.Volume I I is even better.

This is not your parents trivia book. If you are easily offended, dont buy this book. Move right along. This volume of trivia questions and answers grew out of the authors desire to find trivia questions that were both challenging and entertaining on topics. Pub trivia has been popular in the United Kingdom for a quite some time, but this book is true American pub triviaso you wont find tons of questions about football and trivia about shows broadcast on the BBC. Pub trivia is meant to be performed in bars after 9:00 PM and to entertain that crowd; And, though questions might be all over the map, from book learnin to pop culture, music, and movies and everything in between.thats the attitude brought to you in this trivia volume. The goal is to entertain, amuse, and also be informative. If you can answer a question about Two Girls One Cup, or at the very least, if you are prepared to learn what it is, then this is the trivia book that you have been looking for. Be warned.
