**From Brand: Routledge : American Rock and the Classical Music Tradition: A special issue of the journal Contemporary Music Review** before purchasing it in order to gauge whether or not it would be worth my time, and all praised American Rock and the Classical Music Tradition: A special issue of the journal Contemporary Music Review:

2 of 5 people found the following review helpful. 5 stars for 'Listening to Zappa' by Jonathan W. BernardBy Guido JgerFirst of all: I am not dealing professionally in any way with music and I am not a music theory student either. However, I find the article 'Listening to Zappa' by Professor Jonathan W. Bernard (which takes circa one third of this volume) as much entertaining as insightful. Like me, Mr. Bernard is a Zappa fan from his early youth on, and in spite of all the theoretical analysis, one can feel that the author truly likes Zappa's music and even appreciates his sense of (often purely musically expressed) absurd humour. So if you are seriously into Frank Zappa and his music (and his musical parody, of course), this book is a must!

First Published in 2000. Routledge is an imprint of Taylor Francis, an informa company.
