**From Hal Leonard : Andrew Lloyd Webber - Gold (Piano/Vocal/Guitar Songbook)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Andrew Lloyd Webber - Gold (Piano/Vocal/Guitar Songbook):

Still, this is my favorite book to play out of and all the songs sound great. There's a lot of 4-note chords and octaves so it gives the songs a rich and impressive quality. Some of the rhythms may be difficult to pick up if one doesn't know the song; my favorites are "As If We Never Said Goodbye" and "Music of the Night" but there are several other excellent choices. This collection really showcases Andrew Lloyd Webber's amazing talent, don't hesitate to buy any of his music. (Note: this is not an easy or intermediate book - I'm at a grade 8 level and it's been challenging.)1 of 1 people found the following review helpful. Pretty Good BookBy Jeremy BrockertThis book is

pretty good. I bought it mainly for one song (Love Changes Everything). The songs aren't too difficult to play if you know what they are and how they are supposed to sound.
