Each of these

books contain 52 "tips." Unlike many tips books, each tip has an expanded explanation and several examples. The tips are very practical and useful. Most tips are unique. I have not encountered them elsewhere. David Bird is a prolific and fabulous writer of bidge books. I recommend all of his books on bridge technique.

David Birds bestselling 52 Great Bridge Tips was based on the proven principle that knowledge is easiest to digest when it comes in bite-size morsels. Now hes back with another feast of wisdom for players of all levels. A noted writer of fiction as well as a leading bridge authority, Bird uses his wit and narrative skill along with an encyclopedic knowledge of the game to explain such winning concepts as: Hold on to the ace of trumps, Lead a low card on the first round, and Block the defenders suit. Each of the tips is illustrated with a cleverly designed hand.
