I will be reordering year after year. Thanks to Lynn Freeman Olson!3 of 3 people found the following review helpful. Excellent solo book....moderately challenging.By LizaThis is a favorite book to use with piano students. It is moderately challenging, and all the songs

are very appealing (hence the title). The pieces are good recital repertoire and contest pieces. 0 of 0 people found the following review helpful. Good arrangements

This is a very good book. I like the arrangement of the musics my girl is playing from this book.

Many of the greatest ""crowd pleasers"" are gathered into two volumes, compiled for the budding piano virtuoso. Includes works by Beethoven, Debussy and more! Compact Disc recordings by Valery Lloyd-Watts are also available.
