John D. Neuner : Arizona Myths, Fallacies and Misconceptions before purchasing it in order to gage whether or not it would be worth my time, and all praised Arizona Myths, Fallacies and Misconceptions:

0 of 0 people found the following review helpful. Not what I hoped forBy RavenThe book has some interesting things in it but I was hoping for more. They could have left out the definition of myths and how they evolve.0 of 0 people

found the following review helpful. Five StarsBy Mama of FiveGreat book. So fun!0 of 0 people found the following review helpful. Cute but not recommendedBy ErinShort and easy to read but the "facts" that are shared seem highly questionable.

This book contains hundreds of myths, fallacies, and misconception about Arizona and the southwest. The author debunks urban legends, exposes old wives tales, and describes many historical inaccuracies about the state. This educational and entertaining book describes common misbeliefs about the states history, geology, geography, politics, economy, and wildlife. Whether youre a native Arizonan or newcomer to this region, youll enjoy this enjoy this unique book.

"...ideal for newcomers and enjoyable for old timers" -- Phoenix Magazine (November 2001). . . should be required reading for every tourist, newcomer, and native alike. In short, it's a mighty handy little book. -- Marshall Trimble, Official State Historian, Author of 19 Books on Arizona, Cowboy Singer-Storyteller...full of interesting trivia about the state. -- Milt Fort, Mesa Convention and Visitors' Bureau (July 2001)A fascinating book! -- Gordon Smith, KXAM Radio 1310 (Gordon, Heather, and Buffalo Rick Show, August 2001)Lots of great stuff! -- Dan Davis, Good Morning Arizona, TV-3 Phoenix (November 2001)Think that you know the area?...Prepare to have your world turned upside down. -- Tucson Citizen (August 17, 2001)From the PublisherThe tumbleweed is part of the native flora of the American west. A famous shoot-out occurred at the OK Corral in Tombstone, Arizona. Wild pigs called Javelina roam the southwestern deserts. The chimichanga came from Mexico. Cotton is Arizonas top commercial crop. Antelope can be found in remote parts of Arizona. What is wrong with each of these statements? They are all false. This book contains hundreds of other false beliefs and misconceptions about Arizona and the American southwest. Written in a light, easy-to-read style, every page of this unique book contains surprising facts about this region.About the AuthorMr. Neuner has been an Arizona resident since the early 1970s. During these many years, he has been amazed at the vast amount of misinformation that exists about this unique state, its history, and the diverse wildlife that lives there. In an attempt to set the record straight on a variety of subjects, he wrote Arizona Myths, Fallacies, and Misconceptions.
