FeltonI was recently trudging through snow when a snippet of a long-ago children's book popped into my head: "Isn't it better to be in a warm bed saying "Isn't it better to be in a warm bed rather than out in the cold snow?" rather than out in the cold snow saying "Isn't it better to be in a warm bed out in the cold snow?"" This snippet arrives in my brain every time I find myself trudging through snow and it always makes me smile inside. I never have to wrack my brain to remember the name of the book. It had such a profound effect on me that many snippets such as this pop up in my brain with regularity, even though I'm 47 and had not even seen the book for at almost 4 decades. The book is "Arm in Arm" by Remy Charlip. The most recent snowfall made me suddenly want to read this book again in its entirety. Thanks, ! It is just as great as I remembered. I'm not sure what age group the book is actually targeted at - probably 1st graders? But the twisty little phrases and stories, as well as the beautiful illustrations, might just stay with you for a lifetime.12 of 12 people found the following review helpful. What a thrill to find this book again!By A CustomerAs a child some 30 years ago I used to borrow this book from the library again and again. In my late teens I thought it would be a kick to look up that most favorite childhood book, only to find it available no more. But now I can buy it! I still remember so many of those goofy, beautifully illustrated mind twisters, but I'm really going to love seeing the ones that time has long hidden from
