Geoff Williams : Aronson Stack for Everybody: A Magician's Guide to Memorizing the Aronson Stack before purchasing it in order to gage whether or not it would be worth my time, and all praised Aronson Stack for Everybody: A Magician's Guide to Memorizing the Aronson Stack:

0 of 0 people found the following review helpful. Geoff does a great JobBy TonieThis makes learning the Aronson Stack extremely easy. I does take work and practice but this sets the stage. THANKS GEOFF1 of 2 people found the following review helpful. Wonderfully HelpfulBy Sam LamersonThis is a great book (despite the snarky review in Genii). It gives you great visuals, helps you see the actual pictures that you need, and makes memorizing the Aronson stack much, much easier. If you would like to do mem deck work (and who wouldn't after reading the Worker's series or Aronson's work) this work will make your life a great deal easier. Geoff has worked hard on this manuscript and it is worth the money. Learning one trick using the stack will pay you back what you have spent, learning several will

show you how valuable this book really is. Sam Lamerson 1 of 3 people found the following review helpful. This rating is solely due to the cost. It's ...By Steven A. Mills This rating is solely due to the cost. It's a decent manuscript and the writing is clear enough and the method practical. It's just not worth the asking price in my opinion.

For Magicians Only... In 1979, Simon Aronson gave the world of magic an incredible tool - A Stack To Remember - which has come to be known as the "Aronson stack," a seemingly random arrangement of cards that has amazing miracle properties built into it. Many magicians have avoided adding memorized deck work to their repertoires because of the daunting task of committing a stacked deck to memory. Struggling to grasp the associations of the cards and their locations within the stack, most quit after a few hours or days. I was the same way... until a Harry Anderson manuscript got me to thinking about how to make this process easier. PMS, my Peg Memory System, was born. Suddenly, I found that it was not only EASY but also FUN to commit the stack to memory! In the pages of "Aronson Stack for Everybody," you will find a streamlined, GRAPHICAL method for easily and quickly learning the Aronson stack IN AS LITTLE AS 90 MINUTES! BTW, this same technique works great for EVERY MEMORIZED STACK EVER MADE! The manuscript includes examples on how to use it with Mnemonica by Juan Tamariz, The Six-Hour Memorized Deck by Martin Joyal and the Nikola stack. It can also be used when you need to remember multiple cards on the fly, to help you quickly memorize a shopping list, phone numbers and lots MORE. Even though THERE ARE NO ACTUAL TRICKS TAUGHT IN THIS MANUSCRIPT, it does contain LINKS to several FREE memorized deck tricks and other resources (including a FREE e-book from Simon Aronson himself)! This title can also fall under the following categories: Crafts Hobbies, Education, Language Arts Disciplines, Mathematics, Performing Arts, Psychology, Reference, Study Aids, Self-Help

About the Author Geoff Williams is a world-renowned comedy magic corporate entertainer and fundraiser. He has won over two dozen awards and has written Top Ten Lists for "The Late Show With David Letterman." He's mostly harmless.
