A Teenage Masterpiece for Adults AlsoBy Rick SpellWritten in sections of interest with comments by virtually all of the players in the movie, this is a great summation of creating magic on film. It's always intended but rarely happens and in this case, it definitely did. Alicia Silverstone was so cute and perfect for this part. I remain amazed that she wasn't a star of Julia Roberts' level of fame. And of course my

personal favorite Stacey Dash to this day remains absolutely stunning should also have had much greater fame. But lightning struck here by a great director and a wide eyed cast most getting their first taste of fame and no idea how this would make them famous for life. If you like/loved the movie, READ THIS BOOK! It's a great revisit and will have you smiling for days till you finish. 1 of 1 people found the following review helpful. For true fans of the movie!
