Prima Games : Assassin's Creed Rogue: Prima Official Game Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Assassin's Creed Rogue: Prima Official Game Guide:

15 of 15 people found the following review helpful. Worst Assassin's Creed Guide YetBy Mike TumilowiczVery disappointing guide book. Few visuals that are user friendly for actual walk-through purposes. I also noticed several typos including a half of a page of text in the Legendary Ship battles section that was printed in the book twice with different images. It appears to have been rushed and as a result was shoddily put together.Not only was this of lesser quality than Piggyback's amazing Assassin's Creed books throughout the series, but it was even less than the Prima's guide for the very first Assassin's Creed game which was adequate.It does provide a nice e-guide that is a nice

companion to the guide which is a nice bonus. I would only recommend this for true collectors that want a reference guide for each book of the series. 3 of 3 people found the following review helpful. Not for Collectors- straight up guide
By SolarRaistlinZ This is a very basic guide that doesn't quite have the detail (or quality) of the Piggyback guides for the main AC games. The pages are not glossy and it gives no story info or explanation like in previous books' final sections. It is not available in hard cover but I imagine that Ubisoft didn't expect many people to get this guide for a pretty straight forward game. I purchased it for the additional info and artwork that is usually included for each installment (both of which were not included) so if you need the edge and want a guide to help you through the motions this is for you, otherwise if you're looking to complete a collection of guides with all the nice extras you can move on to Unity - that one is in line with the guides we've been seeing since II.0
0 of 0 people found the following review helpful. but it leads to some unnecessary replaying of missions if you are hunting total completion
By Shaun Parkin Helpful but too much text and not enough visual accompaniment for main missions. If you've played AC before it's not a huge deal, but it leads to some unnecessary replaying of missions if you are hunting total completion.

Full World Maps Illustrate the locations for all of the chests, viewpoints, and collectibles in the game, so you dont miss a thing.
Full World Maps Illustrate the locations for all of the chests, viewpoints, and collectibles in the game, so you dont miss a thing.
Hunting and Crafting for Upgrades Seek out and hunt down materials to increase your power and efficiency.
All Side Missions and Events Special information for getting the most out of your Assassins Creed: Rogue experience. Earn extra money, hunt down enemy vessels, participate in legendary battles, and complete bonus challenges.
