This is a real treat for fans of the series. I would go on to say, more for die-hard fans of the series. But it is also something great for newcomers. It comes with the vase Arno Dorian uses in Assassin's Creed: Unity. All with is wonderous detail in it. With it, the Assassin's Creed in Old Handwriting on old-looking paper. The core of the box contains the actual glory for Assassin's Creed gamers hands: the Assassin's Creed: Unity Game Guide. Featuring all sorts of content from character bio's to in-depth maps. This guide features some really neat artwork from concept art images found in the Assassin's Creed: Unity Art Book and some story recap and story speculation of past and future installments yet to come. Last but not least, a DLC code for a unique pistol to be used by Arno Dorian. The Assassin's Creed Unity: Prima Official Initiate Edition is only available in 2500 units worldwide. A real treat and must have for die-hard fans of the series.1 of 1 people found the following review helpful.
