Very few discrepancies in the book (which is something I find so frustrating in most bridge books - they'll tell you a rule-of-thumb about a certain situation and then they'll contradict themselves in another chapter - I just hate that!) Anyway, I think this book may be out of print, but it's well worth getting a copy if you're a beginning to intermediate player. Very helpful book :)0 of 0 people found the following review helpful. I purchased it for a bridge friend who needed badly to improve her bidding. Very good.
