Tim Bourke : Avoidance Play (Test Your Bridge Technique) before purchasing it in order to gage whether or not it would be worth my time, and all praised Avoidance Play (Test Your Bridge Technique):

2 of 2 people found the following review helpful. Good Book, for wahts thereBy B. EinhornCertainly worth reading.My only knock on the entire series is its a bit pricey, buying booklets, piece by peice, when several booklets could be included in one book.At least combine the Technique booklet with the Test booklet.0 of 0 people found the

following review helpful. One of David Bird's best
By Steven Conrad
One of David Bird's finest works, Bird's examples are top drawer, and he is able to communicate the most esoteric concepts in this topic in a clean, fresh way that works. Bravo David Bird.

Each book in this series is a collection of bridge problems which provide a fun way to practice and develop your skill in an important cardplay technique at bridge. These books are designed to add an extra dimension to the detailed instruction contained in Bridge Technique series (Bird Smith), which won the American Bridge Teachers' Association Book of the Year award in 2002.
