time reading it. On page 9, the author says ..".let's get down to business. The Business of Winning at Baccarat". But he never does in the remaining 83 pages. On page 71 the author gives you his email address to contact him about buying lessons for additional money... "his Secret Sauce"! He never gives any system at all for winning at Baccarat. There wasn't a stitch of information on how he supposedly wins. The whole book is the author bragging about his success and advertising for his private lessons. It's like I just paid for and read an ad from the penny saver. 0 of 0 people found the following review helpful. Not worth the paper it's written on unless your Dr ... By Customer Not worth the paper it's written on unless your Dr. Michael Steven. I wish there was a zero star. Please save your money and your time don't bother reading this 83 pages of worthless junk called wasted ink on paper. It will not help improve your baccarat as a winning business skills whatsoever. I can't believe Walmart is selling this junk along with !

In any venture, 95% of the people are run of the mill and never truly get anywhere spectacular with their efforts. And that goes for any business venture. That leaves 5% of the people who will get to the top. 5% of the people in any chosen field will be successful. And out of that 5%, the upper fraction of 1% will be Super Successful. So how do you get yourself into that 5% of Casino Players who consistently make money ? This book is about learning the business of Baccarat and getting you into that UPPER 5%. It will give you an honest, straight forward look at a fantastic opportunity. Without the hype and without the one sided, twisted viewpoint of a salesman with ulterior motives.
