From Brand: Music Sales America : Bach Gold: The Easy Piano Collection before purchasing it in order to gage whether or not it would be worth my time, and all praised Bach Gold: The Easy Piano Collection:

0 of 0 people found the following review helpful. More for late beginners, or super adventurous learner like meBy Sincerely YoursEasy does not mean simple, but these are much abbreviated in length of the original score..but there are some complex pieces in here. Most pieces will give an advanced beginner a good chew and great sounding pieces. Although I have only played for 4 months, I am an adventurous learner, and have pushed myself and my teacher to learn more complex pieces that would normally befit my level..heh, it is doable and I learn so much theory as I learn to play these pieces.

(Music Sales America). A fine selection of the most famous masterpieces by Johann Sebastian Bach composed for or arranged for easy piano. These books use the same notation as Carol Barratt's *Classic Piano Course* and are presented in a brand new, easy-to-read style, complete with fingerings and detailed composer biographies.
