**From Brand: Alfred Music : Bach -- Italian Concerto: Book CD (Alfred Masterwork CD Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bach -- Italian Concerto: Book CD (Alfred Masterwork CD Edition):

0 of 0 people found the following review helpful. an excellent, clear performance of this very difficult piece By Customer I listened to the CD two or three times; an excellent, clear performance of this very difficult piece. The sheet music has good explanatory, technical notes, and the printing quality is excellent. I must add that I'm not a professional pianist, merely an amateur. 1 of 1 people found the following review helpful. Great fingering. By Vicki Miller Very clear and well set out. Great fingering.

Bach's famous 1735 concerto, including extensive historical notes, performance notes on ornamentation, articulation

and phrasing, tempos, and dynamics, as well as footnotes within the score and editorial additions in gray print. Included is an outstanding CD recording from the Naxos label.
