**William; Edited by Kittredge, George Lyman Shakespeare : The First Part Of King Henry The Fourth** before purchasing it in order to gage whether or not it would be worth my time, and all praised The First Part Of King Henry The Fourth:

I don't want my students using "no fear Shakespeare" because I want them to learn to read these themselves. The Folger editions are like "no fear Shakespeare" for smart people only because it doesn't spell everything out. You still have to understand the text. They have the definitions on one side of the page and the text on the other. It's certainly handy.0 of 0 people found the following review helpful. Great for classBy rmstephThe book was in perfect condition and exactly as described. I bought this for my daughter college class and she is very pleased with the book overall.3 of 3 people found the following review helpful. And you thought you were wittyBy AbsolemNot much to say honestly, because I haven't got a thing on Shakespeare except to say I love his work, his characters, his wit, his charm, the comedy, the tragedy, and...well you probably get my point.Henry IV Part I is personally my favorite of his plays and I take the typical stance of being a Falstaff sympathizer (expedited by Roger Allam's portrayal at Shakespeare's Globe and Orson Welles' in Chimes at Midnight), but enjoy all the characters and their interactions.Folger Shakespeare Library has been an excellent resource for me, as I came to these plays with absolutely no knowledge of Shakespeare whatsoever. There are word translations on one side of the page and text summaries for each act, and the occasional illustration. Can't ask for more for \$6, 5 stars.
