Roy Kinnard, Tony Crnkovich, R. J. Vitone : The Flash Gordon Serials, 1936-1940: A Heavily Illustrated Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised The Flash Gordon Serials, 1936-1940: A Heavily Illustrated Guide:

0 of 0 people found the following review helpful. Buckle Up, It's a Bumpy RocketingBy Thomas C. TuckerGood account of the serial itself and the period when serials were so popular.1 of 1 people found the following review helpful. The book covered all the Flash Gordon serials and the ...By Don ZThe book covered all the Flash Gordon serials and the Buck Rogers serial. Each chapter had a synopsis and the selected black and white photos are sharp and

clear. The comments by some of the cast members and technical staff are both informative and entertaining. I would recommend the book if you are a serious Flash Gordon or Buster Crabbe fan. 0 of 0 people found the following review helpful. A MASTERPIECE By FrbnScience This book is one of my absolute favorites; extremely well written and a great companion piece while going through the classic serials. Expensive, but worth it. I noticed they have a paperback version now, which should help bring price down to a more affordable level. If you're a fan of these films or a STAR WARS fan who wants to see one of Lucas' prime influences, this is the book to own.

Flash Gordon, Flash Gordon's Trip to Mars and Flash Gordon Conquers the Universe, the most expensive and popular movie serials ever made, have been favorites of movie and comic fans for decades. The first serial was even designated a cultural treasure after being selected for preservation in the National Film Registry in 1996. This is the first book-length guide to the serials. Arranged in a chapter-by-chapter format conforming to the structure of the three original films, the work provides full cast and crew information, plot synopses, and production notes for each film. The work also includes a wealth of background information on the films and more than 150 photographs, along with interview quotations from cast members Buster Crabbe, Jean Rogers, and Carroll Borland. Three appendices provide an overview of the serial film Buck Rogers (1939), select filmographies for 50 of the most prominent Flash Gordon cast and crew members, a complete list of the serials' film and television remakes.

"entertaining...fascinating...this thoroughly researched book is almost as fun as watching the films. Recommended"--Library Journal; "this book has been a long time coming, but it's worth the wait...the book Flash fans have been waiting for...superb collection of rare photos...heartiest recommendation...terrific...essential"--Heavy Metal Magazine; "definitive"--National Board of ; "a lot of fascinating anecdotes"--Little Shoppe of Horrors; "informative"--Western Clippings. About the Author Roy Kinnard is the author of numerous books on such topics Flash Gordon, science fiction serials, Fay Wray, horror, silent films and Willis O'Brien. He lives in Chicago.
