**Charles Castle : The Folies Bergere** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Folies Bergere:

0 of 0 people found the following review helpful. Five StarsBy paul peacockgreat4 of 4 people found the following review helpful. SuperBy A. SomersThis is about the cafe, established in 1869 in Paris, France, a music hall which was at the height of its fame and popularity from the 1890s through the 1920s. As of May 2010 the institution is still in business. The cafe was also a garden promenade where artists could come to be inspired and featured comedy, operettas, gymnastics and jazz. There was a spot for Josephine Baker who was brought in from New York. She became famous for a banana skirt dance, and would perform there regularly. The ballet also has had a presence there. I found this title very helpful and was impressed by the accuracy of the author. Recommend. Aryan Somers
