Constance Penley : The Future of an Illusion: Film, Feminism, and Psychoanalysis (Media and Society) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Future of an Illusion: Film, Feminism, and Psychoanalysis (Media and Society):

The Future of an Illusion was first published in 1989. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. The Future of an Illusion documents the pivotal role Constance Penley has played in the development of feminist film theory. Penley analyzes the primary movements that have shaped the field: the conjunction of feminism, film theory, and psychoanalysis, and the inherent debates surrounding the politics of women and representation. These debates center on the position of women in the classical Hollywood narrative, the construction of the spectator's desire in pornography and eroticism, and the implicitly male bias in psychoanalytically oriented film theory. Essential to anyone studying the sexual politics of representation, The Future of an Illusion ranges from avant-garde films to video, popular cinema, television, literature, and critical and cultural theory. Constance Penley is associate professor of English and film studies at the University of Rochester. A co-editor of the journal Camera Obscura, she is the editor of Feminism and Film Theory.

From the Back Cover Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible to scholars, students, researchers, and general readers. Rich with historical and cultural value, these works are published unaltered from the original University of Minnesota Press editions.
