**Ed Andreychuk : The Golden Corral: The Roundup of Magnificent Western Films** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Golden Corral: The Roundup of Magnificent Western Films:

0 of 0 people found the following review helpful. good book .missing some classics.By elchoyanice informative book.not very many pictures and storys about the films i heard before nothing new but THE WILD BUNCH AND SHANE which are i think the two greatest westerns ever made are profiled which is worth it .sorry i cant say that for unforgiven and dances with wolves ,which i really dont care about.wheres THE GUNFIGHTER,MY DARLING

CLEMENTINE, JESSE JAMES ETC. could have had more pictures though and added more films than the thirteen discussed in this book.

A perfect blend of characterization, action and poetic images, John Ford's Stagecoach (1939) made "A" Westerns a viable product for Hollywood in the sound era. By 1990, the Western had again been on a downswing when Dances with Wolves became both a critical and commercial success. This work examines these two films and twelve others-- Red River, High Noon, Shane, The Searchers, Gunfight at the O.K. Corral, The Alamo, The Magnificent Seven, Ride the High Country, How the West Was Won, The Wild Bunch, Butch Cassidy and the Sundance Kid, and Unforgiven-- that hold unique spots in the genre's history. Full filmographic data are provided for each, along with an essay that blends plot synopsis, historical perspectives and the movie's place in the Western genre.

"interesting facts and insights"--Burlington County Times "indispensable fact-checking...extensive...enlightening"--Classic Images; "a fine job...much interesting background on each film's production and also provides historical information about events in the film"--Past Times. About the Author Longtime Western film buff Ed Andreychuk is the author of several film books. He lives in Baltimore.
