Titan Books : The Guild: The Official Companion before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Guild: The Official Companion:

0 of 0 people found the following review helpful. Don't bother. By Remo Williams Meh. I love the Guild. Was hoping for a more in depth behind the scenes story about the show. Instead it's an entire book blowing smoke up Felicia Days keister. There are some nice photos, but they're almost entirely secondary angles of promotional shoots the cast was doing (i.e. you're looking at photos of them posing for a photographer). Just stick with rewatching the show. 6 of 6 people found the following review helpful. Cmon. It's The Guild...of course it's awesome! By Hornet Haven't had a chance to do more than skim through it, but I will say the quality of the book exceeded my expectations for its' price. Nice weight paper and very nice printing. Full of great pictures and interviews from the cast and crew. Anyone whose watched the series will enjoy this book! 1 of 1 people found the following review helpful. For the super fans, but buy it cheap. By Nick Ryan Cool behind the screen stuff. Much of the origin story is discussed in Felicia's book, (which I highly recommend). But overall, not worth buying at full price, even for the super fan. A lot of the comments from

cast and crew have been said in interviews elsewhere, or just seems like filler, trivial content.

THE FIRST-EVER OFFICIAL COMPANION TO THE AWARD-WINNING AMERICAN COMEDY WEB-SERIES ABOUT GAMERS! Since launching in 2007, the comedy web series *The Guild* has become an Internet phenomenon, with over 150 million views. Created, written by and starring Felicia Day, it follows the story of a Guild of online gamers who finally meet in real life. Here at last is the official companion to the show that fans have been waiting for, featuring an Intro from Felicia, in-depth interviews and scores of photos.

The perfect coffee table book for someone who views the show as "pure nerd nip". Culture Mass An enjoyable read. Trash Mutant A love letter to the fans. Fan Girl Confessions If you like Felicia Day, Geek and Sundry, or anything web series related, make sure to pick up a copy of *The Guild: The Official Companion*. NerspanA must read for any fan of *THE GUILD*. Things to do in LA Felicia Day, Kim Evey, and the team at Titan Books did a great job putting together one of the better companion books Ive encountered. Its not just a collection of art in a shiny package; its a coherent narrative about the creation of a web series that is a lot of fun to read. The cast and crew of *The Guild* are clearly passionate about the series and that really comes across in *The Official Companion*. Sketchy Details A fantastic addition to any Guild fans library. GameNTrain Someone went to a hell of a lot of work to design this book and put all the pieces in place, and whoever did all that deserves credit. Its a classy package. Hugely recommended if youre a fan. Comic Book Resources "The Official Companion is a great read for anyone who loves the show and is a book that will make anyone who hasnt seen it want to check it out. This book is highly recommended." - Renegade Cinema About the Author Felicia Day is most widely known for her work in web video, and co-starred in Joss Whedon's Internet musical "Dr. Horrible's Sing-a-long Blog," Voted the Best TV of 2008 by Time Magazine, Entertainment Weekly and People Magazine just to name a few. She also can be seen in the web series "The Guild", which she created, writes and stars in.
