**Brian Sibley : The Hobbit: The Battle of the Five Armies Official Movie Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hobbit: The Battle of the Five Armies Official Movie Guide:

7 of 7 people found the following review helpful. Really Desolation of Smaug!By CelandineI was surprised that this was released so far before the movie To my disappointment there was very little regarding film three and most of the photos are from film two. It is, as usual, a great keepsake.0 of 0 people found the following review helpful. Good book!By Amy HollandIf you enjoy reading about how they make movies and you are a fan of the Hobbit; this is the book for you! It has great pictures; some from the movie and some showing behind the scenes. It makes you think of all the work that goes into making a movie like this. My friend even wanted to borrow and read it even though she has not seen the movies. It is a great buy and worth the money!0 of 0 people found the following review helpful. There is a good balance of reading and visualsBy N. FoxThis book series gives fans more detail into each character, setting,

costume concepts, etc. There is a good balance of reading and visuals. For those who appreciate taking a book and making it into a movie (and showing a little of the process on the way).

As The Hobbit movie trilogy moves toward a spectacular climax, experience first-hand how the epic filmmaking battle was won through exclusive interviews with director Peter Jackson, Ian McKellen, Richard Armitage, Cate Blanchett Christopher Lee, together with principal filmmakers and new cast, including Billy Connolly as the Dwarf Dain Ironfoot, and Benedict Cumberbatch, who divulges the dark secrets of playing the evil Necromancer. Sumptuously illustrated with hundreds of behind-the-scenes photos of the actors, creatures, sets and locations, together with concept art and numerous special effects shots, this is the ultimate companion to the final film in the acclaimed trilogy.
