Al SmileyBy Luellen SmileyI am reading everything published in the Mob category. Though I have not had a chance to finish this book, the portions I read were well researched, and brought some new discoveries to the surface. I know there was a famous brawl between Bogie and Dad, and according to the book, I can place the incident at Bogie's Christmas party. I just completed writing my father's story, "The Sportsman."

The cast of characters in this enthralling story include many of the most loved movie stars of the 30's, 40's and 50's and the crme de la crme of the American underworld. Complete with first-hand stories collected by the author over years, and new, exclusive information about Lucky Luciano and his dealings in Hollywood, The Hollywood Connection is the first comprehensive examination of the power struggle between rival factions of the Mafia over Hollywood - the jewel in America's crown.
