**Mike Mayo : The Horror Show Guide: The Ultimate Frightfest of Movies** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Horror Show Guide: The Ultimate Frightfest of Movies:

0 of 0 people found the following review helpful. Pretty tame actuallyBy Herbert H.Its alright if your not a serious horror fan. Doesn't cover all the raritys and obscure items. Pretty tame actually. The horror encyclopedia and the psychotronic film guide are far better for the serious horror fan.2 of 2 people found the following review helpful. Mike Mayo delivers a book for the fans of the genreBy J. S. RitchieOkay I'm not going to say this is the best book on the dark genre I have ever run across but if you are after a reference that documents the major and cult releases then look no further. In 496 paves Mayo delivers brief and crisp analysis of movies from about every sub-genre from the beginnings of horror cinema to the current year, 2013.The book is organised in alphabetic fashion, I would have preferred chronological, making it easy to locate a specific title and to then have enough details to make a viewing decision on that title. This book should be in the library of every horror movie fan, fully recommended.1 of 1 people

found the following review helpful. Great Compendium of Horror Movie Reviews By Andrew Swartz I like this collection of horror movie reviews. It spans all the years of horror related films from the silent era to the present. The reviews are very brief but informative and helpful to the reader. I enjoy Mayo's assessment of film families such as Friday the 13th and Freddy/Nightmare on Elm Street. No formulaic franchise is left unscathed. Nice work.

From atomic bombs to zealous zombies, this cinefiles guidebook reviews 1,000 of the wickedest, weirdest, and wackiest scary movies from every age of horror. With reviews on many overlooked, underappreciated gems such as Alice Sweet Alice, Daughters of Darkness, and Zombie, as well as the numerous Stephen King adaptations and modern updates such as Night of the Living Dead 3D and The Wolfman, new devotees as well as the discriminating darkcinema enthusiast will love this big, beautiful, end-all, be-all guide to an always popular film genre. Established directors, including Wes Craven, John Carpenter, Tim Burton, David Cronenberg, and Guillermo del Toro are given their due, as are the new generation, represented by Larry Fessenden, James Wan, Alexandre Aja, and others. In addition to the hundreds of horror film reviews, this guide includes fascinating and fun top 10 lists and sidebars that are designed to lead fans to similar titles they might not have known about.

"A must-have for horror film junkies." Entertainment Weekly "One of the 20 best horror guides of all time." HorrorHound magazine "The Horror Show Guide is just what the doctor ordered offering 100's of films for readers to browse over to find the perfect range of titles for an evening of terror. Mike Mayo has a great writing style that makes the entries fun to read and suitable for hardcore fans." Horrornews.net "If it's a scary movie, it's likely to be listed in this book, making it a reference guide that movie buffs simply should NOT be without." Maumelle Monitor "Give the book as a gift to a horror fan or keep it for yourself. Mayo's exhaustive research and knowledge shines through as does his sense of entertainment and love of the genre. Enjoy!" ValerieTalksBooks.com
