By Matt Mondon First off I will say that there's a lot of things I love about Mark Dice, but there are some things I don't like about him as well so by no means am I biased towards him. With that said I will add that I respect his research and when it comes to the truth movement KNOWLEDGE is what you need to be armed with, not half-baked bizarre theories. Facts and evidence to support the truths you are trying to share with friends and family are important and there are too many conspiracy kooks out there giving legitimate truthers a bad name. Just as Mark has pointed out, people are out there muddying the waters with false info in an attempt to discredit any legitimate knowledge from becoming widely known. I think Mark presents a very sobering and level headed view point. His information is thoroughly researched and based on factual events and occurrences. He doesn't present wild theories that are way out in left field but rather he just talks about real events and scenarios that have actually happened. He also highlights modern phenomena with social media and the media in general for the purpose of exposing the liberal slant and how the liberal agenda is attacking the 1st amendment rights of everyone, especially conservative voices and anyone who dares to criticize the establishment. Honestly I think this book should be read by EVERYONE. Everyone needs to know about the depth of the corruption that's rooted in our government and in Hollywood. Even if they choose to disregard evidence, it's still stuff that people should be aware of. Good book and keep up the work Mark Dice. 0 of 0 people found the following review helpful. Impressive work. By Valeria Campbell I watch Mark Dice's videos on YouTube and have always been impressed. However, this book has taken my appreciation of Dice's work to a whole new level. Dice has done the research, filled in the blanks, and shown how easily the public can be manipulated -- and why. Highly recommended. Also, I'd suggest you subscribe to his YouTube channel and hit the bell to be notified of his new videos. 2 of 2 people found the following review helpful. Eye-opening. Also, read Big Brother, Illuminati Fact ... By B. I. Eye-opening. Also, read Big Brother, Illuminati Fact Fiction, Resistance, and anything this author writes. You don't have to be afraid to know what exists.

The infamous Illuminati secret society represents the pinnacle of power in politics, banking, and the news media; but what about the entertainment industry? Do Hollywood's elite studios, producers, and celebrities have a secret agenda? Are they part of a covert conspiracy? Media analyst Mark Dice will show you exactly how Hollywood uses celebrities and entertainment as a powerful propaganda tool to shape our culture, attitudes, behaviors, and to promote corrupt government policies and programs. You will see how the CIA and the Pentagon work hand in hand with Hollywood to produce blockbuster movies and popular television shows crafted to paint positive portraits of war, Orwellian government surveillance, unconstitutional agendas, and more. You'll also learn the strange and secret spiritual beliefs of the stars that fuel their egos and appetites for fame and wealth, making them perfect puppets for the corporate controllers behind the scenes. And you will also discover the rare instances of anti-Illuminati celebrities who have dared to bite the hand that feeds them. Character Howard Beale once warned in the 1976 classic film Network, This tube is the most awesome God-damned force in the whole godless world, and woe is us if it ever falls in to the hands of the wrong people, and unfortunately that is exactly what has happened. - Politics and Propaganda - Celebrities Secret Societies - Spirituality of the Stars - Satanism Today - Symbolism in TV and Film - The Gay Mafia - The Six Media Monopolies - The Liberal Media - The Sun Valley Conference - The CIA in Hollywood - The Fraud of Feminism - Anti-Illuminati Celebrities - Pop Culture Propaganda - Bizarre and Sick Beliefs of the Elite - Sexual Deviants and Sex 'Magic' - Professional Sports Bread and Circus - Celebrity 'Blood Sacrifices' 'Murders' - And More By the author of Inside the Illuminati: Evidence, Objectives, and Methods of Operation
