It's every single James Bond movie up to the most current one tons of information the outside of the book has a canvas material on it and in the middle almost of leather feel great price pictures are clear and crisp any James Bond fan should own this book. really needs to put some kind of bubble wrap in the box so the book doesn't bang around. They put it in a box but they don't put anything in the box with the book so it doesn't bang around they've been doing that a lot lately0 of 0 people found the following review helpful. Every Bond aficionado must have one!By AJ NilesAn absolutely stunning book. The commentaries and personal accounts are immensely informative, but the photographs and illustrations provided in this book make it something truly special. I especially enjoyed the wealth of on-set photos. Many others will no doubt also appreciate the production notes and storyboards. Especially glad to see Ken Adam's production designs and Maurice Binder's title sequences included. What a great book by Taschen.As a lifelong Bond fan, I am not disappointed. You won't be either.2 of 2 people found the following review helpful. For Your Eyes Only!By Anuar AlarconSimply amazing! The true 007 fan will enjoy each of the 624 pages.
