**David Pagano, David Pickett : The LEGO Animation Book: Make Your Own LEGO Movies!** before purchasing it in order to gage whether or not it would be worth my time, and all praised The LEGO Animation Book: Make Your Own LEGO Movies!:

2 of 2 people found the following review helpful. AWESOME!!!By HumitaThis is a great book for children and adults alikeLOts of color pictures and detailed instructions. The last chapters are for the more experience directors. With practice and dedication you too can be an expert!!!I am glad I got this book because I can apply all this tricks to my other stop motion toys!!!Great job!!!1 of 1 people found the following review helpful. Perfect For Lego Animators!By Don ShockA great book on how to create Lego Animation. Lots of examples (it even has a link to a movie made for the book). Excellent job and a great reference book to keep on the shelf.1 of 1 people found the following review helpful. Five StarsBy DebbieI bought this for my son because his name was mentioned in it as an animator.

Have you ever wondered what your LEGO creations would look like on the big screen? The LEGO Animation Book will show you how to bring your models to life with stop-motion animationno experience required! Follow step-by-step instructions to make your first animation, and then explore the entire filmmaking process, from storyboards to post-production.Along the way, youll learn how to:Create special effects like explosions and flying minifiguresConvey action and emotion with your minifigure actorsDesign sets for animationmake three buildings look like an entire city!Light, frame, and capture consistent photosAdd detail and scope to your films by building in

different scales  
Build camera dollies and rigs out of LEGO bricks  
Choose cameras, software, and other essential animation tools  
Dive into the world of animation and discover a whole new way to play!  
For ages 10+
