Ian Brodie : The Lord of the Rings Location Guidebook: Extended Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Lord of the Rings Location Guidebook: Extended Edition:

1 of 1 people found the following review helpful. Essential Travel Planning Guide for LOTR FansBy John SThis will be an excellent guide for our upcoming trip to New Zealand. It's only 96 pages but is very well designed with a detailed Table of Contents and Index to make it easy to read and to plan a self-guided tour. There are even some suggested day tour itineraries to help with planning as well as a 16-day itinerary that hits most of the major locations. GPS references are provided which is a big help because copyright considerations puts some restrictions on local site identification and exploitation (e.g. no permission to set up a Fanghorn Forest Pizza Parlor). Good usage of pictures and maps for such a compact guidebook and the site descriptions include some interesting New Zealand history.Note that the book covers the sites for the Lord of the Rings trilogy and was published before the Hobbit movies were filmed2 of 2 people found the following review helpful. A must-buy for anyone interested in the Lord of the Rings trilogy while travelling to New Zealand!By Tom van DijkIan Brodie wrote a short but surprisingly complete guidebook here for anyone who really wants to get a feel of the Lord of the Rings vibe while travelling in New Zealand. I myself will be leaving in a few weeks and I must say that this book helped a lot in finding out where to go when I'll be there. The GPS-coordinations are very precise and the book is of a small size so it's good to take with you

on a hike. All in all a great book when you're a Lord of the Rings fan and ofcourse travelling to New Zealand!0 of 0 people found the following review helpful. I approveBy Kristin MayWe didn't base our entire New Zealand experience around this book, but it was very helpful to us in locating a few of the sites. Edoras!!! Totally worth the extra 2+ hours.

Since the first screening of The Lord of the Rings: The Fellowship of the Ring in 2001, New Zealand has become the embodiment of Middle-earth to millions of moviegoers the world over. This definitive guidebook showcases the principal movie set locations around New Zealand as seen in all three films. Ian Brodie has written this larger-format edition of his popular location guidebook to include new information and photographs, extra images from all three films in the trilogy and extended entries from cast and crew. Produced with the full cooperation of New Line Productions, Inc., it enables fans of Peter Jackson's cinematic masterpiece to experience their own unique insight into the magic and complexity of Middle-earth.

About the AuthorBoth author Ian Brodie and Lord of the Rings director Peter Jackson are keen vintage aircraft enthusiasts and Jackson gave Brodie unlimited access to photographing all aspects of the filming of all three films.
