First, that I loved the movie and wanted to see those wonderful still photos of the actors involved when they weren't portraying the character that I've seen on screen. Second, to provide research for a fiction story I hoped to write. I needed to know what was involved in a person who serves as location scout. Both of my needs were met and I enjoyed the peek behind the curtain.0 of 0 people found the following review helpful. fascinatingBy Penny ShurtleffWe take media entertainment so much for granted in our lives, so I found it of great interest to see how the magic was worked.
