Garth Pearce : The Making of Tomorrow Never Dies before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Making of Tomorrow Never Dies:

0 of 0 people found the following review helpful. Very good 007 book. By kametamorphic This is a very good 007 book on the James Bond films. Lots of info and great pictures. This is one of the best. 3 of 3 people found the following review helpful. Its the best. By A Customer This has everything you would want! Interviews and color photos! I'd recommend it to all bond fans!

Goes behind the scenes of one of the most complex films ever made to enable the reader to learn how the famous Bond film stunts are done, whether the cast and crew cope in all locations, who masterminds the special effects, and how the gadgets are created. Complete with chapters on pre and post production, interviews and exclusive photographs.
