2 of 2 people found the following review helpful. Oh Come On - How Can this not be 5 Stars?By James A. BrannanHe had both me and my seven year old writing corny jokes by the book's end. He's a funny guy, a throwback from days when comics actually told jokes. I laughed out loud at his Bob Hope and bomb sniffing dogs joke. I mean, this guy wrote many, or was it most (not sure), of the Phyllis Diller "My mother is so..." jokes. That alone makes him an expert in my book.His exercises had my son and I dreaming up jokes in minutes using his simple rules. I'm not a comic, so I don't know if these rules are something every comic knows or not; but I didn't know them so it was new to me. Seems to me that his exercises on joke writing also apply to writing prose that is more dramatic and has greater tension. This book deserves every bit of 5 stars.0 of 0 people found the following review helpful. Read this bookBy David WGene Perret is a genius.
